

Compared to the financial crisis in 2008, how much more or less do you have to pay for a Big Mac today?

The index chart visualizes the price changes (in USD) of a Big Mac based on a 2008 as index year. The Big Mac Index is published by The Economist as an informal way to provide a test of the extent to which market exchange rates result in goods costing the same in different countries. It seeks to make exchange-rate theory a bit more digestible and takes, its name from the Big Mac a hamburger sold at McDonald's restaurants
